

Online Communication Resources

G-Suite

- Google's array of cloud-based software provides an excellent way for parishes to communicate and share documents and resources. This service is offered completely free and makes it a lot easier to share ideas and network using things like Google Docs. Contact Khalil Hattar at khattar@stjohnparish.org for more information.

Books

The Five Dysfunctions of a Team, Pat Lencioni

- Pat Lencioni, a passionate Catholic and successful business consultant, share the secrets behind building a strong team. Very helpful when trying to create a healthy culture of communication.

Programs

The Amazing Parish

- As the name suggests, this organization is dedicated to helping parishes be amazing, primarily by helping build a culture of communication. They hold an annual conference and also offer plenty of helpful resources online. <https://amazingparish.org/>

Get-Togethers at SJE

- SJE is happy to network with any other parish in the diocese. We're happy to have staff, parish councils, pastors, or anyone else involved in ministry, out to our campus to discuss projects and overall strategy. Please contact Mike Lorenzo for more details at mlorenzo@stjohnparish.org
